## **Did you know Community Futures Parkland has more than our regular services available to you?**

*Manitoba Entrepreneurial Hubs* – Our Program staff at the Hub help women at any stage of business; from dreaming to growth strategizing and clarity on what they need in order to be successful in entrepreneurship. The Hubs in Dauphin and Flin Flon provide spaces where new and existing business owners can congregate for support services, training, coworking, and networking. Our physical Hubs are currently closed to the public during the pandemic, but we continue to provide virtual one-on-one support to clients and online learning opportunities.
